There are several options available for the disposal of cremated remains. The following information may help you decide which option is right for you but if you would like further information please contact the Crematorium by calling 01903 872678 or e-mailing crematorium@worthing.gov.uk

Scattering ashes within a glade: You can arrange for the ashes to be scattered within one of our three glades – Spring, Summer or Autumn. There are no markers in the glades as they are communal and ashes are scattered over a large area. Please contact us for further information and to book an appointment or to arrange for us to strew ashes on your behalf.

The scattering glades are communal areas. As such no permanent personal memorials may be put in place. You are permitted to lay fresh flowers and small pot plants on the surface. All tributes will be removed on a regular basis.

Private plots: We are able to offer you the opportunity to lease a private plot within our Memorial Gardens. These plots hold a minimum of two sets of ashes and you are allowed to have a small headstone or similar memorial installed. Please contact us for further information and to make an appointment to discuss the options available to you.

Removal from the Crematorium: Of course you may choose to remove the ashes from the Crematorium. This allows you to take your time when making the decision as to where to place the ashes. You may decide to return them to Worthing Crematorium for interment or scattering at a later date if you wish.

Cremated remains are irretrievable once they have been interred or scattered.
